This spring, a wall of honor will be installed at the Schuetzen Park naming those individuals and organizations that contributed \$500.00 or more towards the two phases of land acquisitions at the Schuetzen Park Historic Site from 2001-2003. The wall will be built near the Egyptian revival style street car “Halle”. The “Halle” was named a local historic landmark by the city of Davenport on August 5, 1998. The wall will serve the purpose of protecting the “Halle” from water runoff, enable the site to have more level ground for events and also create the setting for the 47x28 engraved block, a facsimile of which is seen below. The Schuetzenpark Gilde wishes to extend its sincere thanks to all who assisted with the land preservation project and looks forward to many years of enjoyable education and recreational use of the acquired lands.
